Christopher B. Burke Eng., Ltd.

**CONSTRUCTION OBSERVATION**

Kudrna and Associates

**PROJECT STATUS – SEPTEMBER 1, 2007**

The Discovery Drive, Innovation Drive and Enterprise Circle Sidewalk Project consisted of installing approximately 11,000 linear feet of a 5' wide Portland Cement concrete sidewalk at various locations throughout the DuPage National Technology Park. The sidewalk has been constructed with a landscaped parkway that varies in width from 5' to 9' of the back of the curb. The sidewalk provides pedestrians a safe path of travel around the property. Plote Construction has completed the construction of the sidewalks, landscape restoration and all punchlist items identified by Kudrna & Associates, Ltd.
